The Principal Terms

We've tried to summarise what we believe to be the key terms, but they're all important and you may have a different view of what is most significant to you. That's why it's important you read our full terms and conditions and let EDF know if you have any questions.

- The supply contract you are entering into will become legally binding from when EDF accepts your signed or verbal agreement. The expiry date of the initial Fixed Term Period is stated on your contract along with the prices which will apply during the Fixed Term Period.
- As this is a Fixed for Business Online contract, your prices will not change during your contract term except under some limited circumstances where we can change the fixed price in your contract, such as if you do not comply with the terms of the contract or if there is a new cost imposed on EDF related to us providing your supply.
- If you have come to EDF through a third party intermediary (TPI), we will have notified you of any TPI Costs as part of your contract pack.
- Before your contract comes to an end, we'll write to you with your renewal options at least 60 days before the end date. We will automatically move you to a variable price tariff if we don't hear from you. This variable price tariff can be ended or renegotiated any time.
- If you want to end your contract early you will incur an Early Termination Fee. This is calculated based on your consumption and the time left until the end of your contract. To switch supplier at the end of this contract, you will not need to provide any notice, just clear any outstanding balance.
- Your chosen Payment Method will affect pricing. If your payment method changes from Direct Debit your prices will increase by 10p per day on your standing charge and 1p per kwh on your unit rates.

- You are ultimately responsible for payments for any charges incurred in accordance with these terms.
- Any bill that is not paid on time may be subject to a Late Payment Charge. It could also result in our request for a security deposit or installation of a prepayment meter to collect your outstanding balance and any ongoing charges. Please ensure that you keep your contact information up to date.
- EDF's acceptance of your contract is conditional on EDF obtaining satisfactory results from any credit check.
- If you do not have a smart meter you agree to have one fitted. You can arrange to have a smart meter installed by visiting edfenergy.com/sme-business/smart-metering and logging into your MyAccount or by calling EDF on **0333 912 9959**
- By agreeing to enter into this contract, you authorise EDF to contact the Local Network Operator to obtain details of the supply numbers for each of the Premises covered by this Agreement.
- By agreeing to enter into this contract you are confirming that you are authorised to enter into this contract on behalf of the customer and confirm that all information provided to EDF is correct and complete and that you will inform the customer of all the information EDF has provided to you.

Signing up for this tariff means you agree to:

- Manage your account entirely online - you won't have access to our call centre, but our Help Centre is available 24/7.
- Provide a valid email address and register for MyAccount if you prefer phone support, this tariff isn't for you.
- Receive your bills, account information and updates electronically - paper communication isn't an option with this tariff.

- Pay your bills by Direct Debit Whole Amount Monthly and/or PAYG - if you cancel your payment type, EDF may transfer you to our 'Extended Supply Contract Prices', which is likely to be more expensive.
- That if you do not have a smart meter you agree to have one fitted. You can arrange to have a smart meter installed by visiting edfenergy.com/sme-business/smart-metering and logging into your MyAccount or by calling EDF on **0333 912 9959**. If you do not have a smart meter installed within 3 months of becoming eligible for a smart meter your contract may come to an end. EDF will then continue to supply you on our Extended Supply contract terms until:
 - you enter into a new contract with EDF or
 - you change supplier.

There are some meters that are unsupported which are:

- the Supply of electricity through meters with a Profile Class other than 3 or 4;
- the Supply of energy to Unmetered Premises;
- the Supply of energy to any Premises where the metering arrangements are not compatible with our Billing system; or
- any Supply or site which is deemed unsupportable due to our price, process or system limitations.
- However for full details please see our T&C's edfenergy.com/smallbusiness/tariffs/terms-conditions

If you have a non-standard meter type or for technical reasons we cannot install a smart meter, EDF will not transfer your tariff onto our Extended Supply contract terms.

EDF's Extended Supply contract has a different price to this tariff. You can find details at edfenergy.com/extendedSupplybusinessprices

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, Utility Aid Limited (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
